

Volunteer Now

If you have an hour or more a day or week volunteer helping students at your local high or middle schools. Adult volunteers are needed to assist with: traffic control, hall monitoring, mentoring, tutoring, chaperoning school dances/ events and other school duties as needed. Volunteers once approved through background checks, fingerprinting and TB vaccination will receive training and building orientation. Select a school of your choice or go where the need is greatest. Contact us for additional information.

Support for Students

F.A.N.S is a grass-roots organization that started at Bolingbrook High School. The organization consists of parents and community members who volunteer their time to provide adult interaction with students during school time.

The F.A.N.S volunteers spend one or more hours a day or week as-

sisting with: hall monitoring, tutoring, mentoring, traffic control and school dances/events. Due to the success at Bolingbrook High, the program has been expanded to all middle schools and Romeoville High School.

Requirements for Volunteers

All volunteers are required to go through an approval process that includes fingerprinting, a background check and TB vaccination. Once approved all volunteers receive training designed to familiarize them with security procedures as well as ways to inter-

act with middle and high school students. This is followed by an orientation to the building you will volunteer in. You can select a specific school to volunteer at or be placed

where the need is greatest.

Interested?

Contact the Administration Center for additional information or the listed building administrator for the High and Middle Schools.
